

## IFMA NEWSLETTER NOVEMBER 2016 – International Journal of Agricultural Management Journal (IJAM)

New Edition Published - Volume 5, No.3

Dear IFMA Newsletter Subscriber,

Once again there has been a delay in getting the latest edition of the Journal published. This has been a recurring issue with problems occurring during the publishing process. I have been assured that this process will be much improved in future with less delays in publication. The Editor tells me that the contents of Vol.5 No.4 are to hand and he hopes that it will not be too long before this issue is also published.

Here is the table of contents. You need to be a Member to access this particular issue – but you can see previous IJAM Journal issues here:
